

Barbora Vašečková M.D. is the chairwoman of the Supervisory Board of SPA SkMA.

In 2001 she graduated from the Faculty of Medicine of Comenius University in the field of general medicine. After graduation she joined the Department of Psychiatry, University Hospital and Faculty of Medicine in Bratislava as an intern and she has been working there since. She completed her specialization study in psychiatry with a certification in 2009. In years 2007-2012 she attended a 5-year training course in cognitive-behavioural therapy at the International Institute KBT Odyssey. As part of her doctoral studies, she is studying the topic of adverse sexual effects of antidepressants. At this time, she works at the Department of Psychiatry, University Hospital and Faculty of Medicine in Bratislava as an outpatient and consulting psychiatrist; apart from the clinical practice she focuses on psychiatric sexology and psychotherapy. She pursues her teaching, running practical training within the undergraduate education of medical students, lecturing and publishing activities.
