

MUDr. Ing. Eva Katrlíková

Graduated from the 3rd Medical Faculty of Charles University in 1999. She completed her specialization studies in psychiatry in 2003 and specialization studies in child and adolescent psychiatry in 2009. In the years 2007-2009 she completed training in hypnotherapy under the leadership of Prof. Kratochvíl (Section for Hypnosis of the Czech Psychotherapeutic Society and Psychiatric Society ČLS J.E. Purkyně). Since 2000, she has worked at the National Institute of Children's Diseases in Bratislava as an outpatient and consulting psychiatrist. In addition to her regular clinical practice, she focuses on the issue of Tourette's syndrome. She is the expert guarantor of the civil association for the support of Tourette's syndrome (www.tiky.sk). She also deals with transgender issues in children and adolescents.
